## DIRECTOR ANDROLOGY LABORATORY

We offer a unique opportunity for an experienced Andrology Researcher to establish a full-service Andrology Laboratory. Services will include routine semen analysis, antibody testing, penetration assays, and cryopreservation of gametes. All research efforts will be under your supervision, and you will instruct residents on basic andrology techniques.

As a major 945-bed teaching hospital affiliated with the prestigious Mt. Sinai School of Medicine, Beth Israel Medical Center is poised to offer you the resources and support you need to spearhead this important new effort. PhD's are encouraged to send their resume to:  
K.O. (ADR), Human Resources.

## BETH ISRAEL MEDICAL CENTER

First Avenue at East 16th Street  
New York, NY 10003

An Equal Opportunity Employer
