DIRECTOR OF ANDROLOGY LABORATORY Milton and Carroll Petrie Campus

At the Beth Israel Health Care System, we have created an environment where the opinions of our professionals, in every department and on every level, are recognized and valued.

In this key position, you will oversee the operations of our innovative Clinical and Research Andrology Laboratory. This will include developing laboratory safety procedures and manuals, training and supervising personnel, performing tests, and developing basic/clinical research endeavors for students and Urology residents.

A PhD in Andrology or a related field is required, supported by at least 4 years of full time clinical diagnostic laboratory experience, 2 of which should be in Andrology. Demonstrated ability in conducting independent research and excellent interpersonal skills are essential. NYC and NYS Andrology certifications a must.

We offer a salary commensurate with experience and excellent benefits package. For consideration, please send resume and salary requirements, to: **Deborah Farias, Employment Manager, Beth Israel Medical Center, First Avenue at East 16th Street, New York, New York 10003.**
