

International Symposium on  
**MALE FACTOR IN HUMAN INFERTILITY**  
American Hospital of Paris, Neuilly sur Seine  
Paris, France, April 21-22, 1994

ARES  
SERONO  
SYMPOSIA

**SCIENTIFIC COMMITTEE**

J. Tesarik (F), President  
J. Testart (F)  
A. Thébault (F)

**PRELIMINARY LIST OF INVITED SPEAKERS**

A. Acosta (USA)	C. Mendoza (E)
J. Aitken (UK)	C. Mills (UK)
J.H. Check (USA)	S.J. Silber (USA)
J. Cohen (USA)	J. Tesarik (F)
L.R. Fraser (UK)	J. Testart (F)
T.F. Kruger (S. Africa)	A. Thébault (F)
D.Y. Liu (AUS)	A. Trounson (AUS)
P.L. Matson (UK)	A.C. Van Steirteghem (B)
S. Meizel (USA)	R. Yanagimachi (USA)

**SCIENTIFIC SECRETARY**

J. Tesarik  
American Hospital of Paris  
63 Boulevard Victor Hugo  
92202 Neuilly sur Seine, B.P. 109  
Paris, France • Tel. (1) 464 12881 / Fax (1) 464 12808

**MAIN TOPICS**

Cellular and molecular mechanisms of human fertilization – Analysis of sperm movement and its abnormalities – New advancement in the acrosome reaction evaluation – Evaluation of sperm-egg interaction – Pharmacological enhancement of sperm fertilizing ability – IVF modifications in male factor infertility – Techniques of micromanipulation-assisted fertilization – Criteria for the determination of the best treatment option.

**USEFUL INFORMATION**

There is no charge for admission to the scientific sessions. Registration fee is USD 250.00. The fee entitles participants to the proceedings volume and congressional services.

A limited number of free communications will be accepted for poster presentation. The best presentation will be awarded a grant of USD 1,000.00. Abstracts must be sent to J. Tesarik before December 31, 1993 (postmarked).

Fax: (913) 541-0156

# Quick, easy measurement of testes.

*Now available from ASSI<sup>®</sup>, the Test-Size<sup>®</sup> orchidometer that is accepted around the world!*

*The measurement of testicular size is greatly simplified with this new orchidometer which has been in use worldwide for over 25 years and is now*

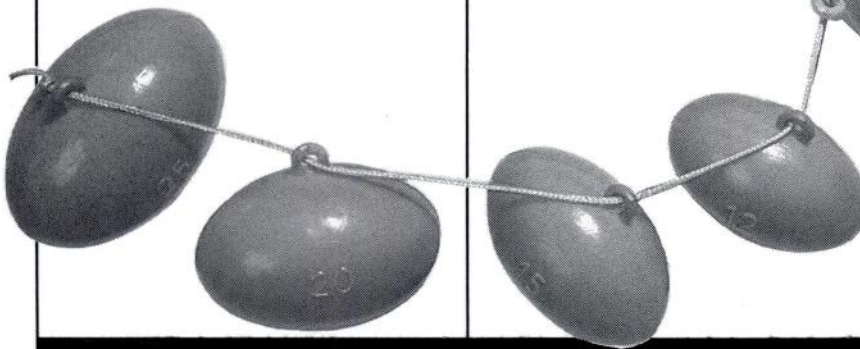

*made available in America by ASSI<sup>®</sup>.*

*It consists of a graduated series of 12 models, each precisely defined in shape and volume, that allows the pediatrician, endocrinologist or andrologist to make the necessary comparison and evaluation.*

*This orchidometer is both simple to use and safe, completely eliminating the use of calipers.*

*Sterilization information: Steam autoclave at 250°F for 15 to 20 minutes.*
