

# Journal of **Andrology**

VOLUME 3 NUMBER 4  
JULY/AUGUST 1982

---

## CONTENTS

- Endogenous Steroids in the Rat Seminiferous Tubules. Comparison of the Stages of the Epithelial Cycle Isolated by Transillumination-Assisted Microdissection** 211  
Martti Parvinen and Aimo Ruokonen
- The Physiologic Effects of Testosterone in Hydrogenated Soybean Oil Vehicle as Compared to Free Testosterone, Testosterone Propionate, and Testosterone Enanthate in a Conventional Oil Vehicle** 221  
M. Gerrity, M. Freund, R. N. Peterson, and R. E. Falvo
- Catecholamine Stimulation of Androgen Production by Mouse Interstitial Cells in Primary Culture** 227  
William H. Moger, Paul R. Murphy, and Robert F. Casper
- Preparation of Epithelial and Stromal Cell Fractions from Immature Rat Prostatic Tissue Using Percoll Gradients** 232  
John Orłowski, Charles E. Bird, and Albert F. Clark
- The Relationships Between Serum Testosterone and Prolactin Levels and Nocturnal Penile Tumescence (NPT) in Impotent Men** 241  
Glenn R. Cunningham, Ismet Karacan, J. Catesby Ware, Gordon D. Lantz, and John I. Thornby
- The Regulation of Gonadotropin Secretion in Immature Ethanol-Treated Male Rats** 248  
Judith A. Ramaley
- Impact of Pulsatile Administration of Gonadotropin-Releasing Hormone on the Pituitary-Testicular Axis of the Immature Rat** 256  
William H. Moger
- Effect of Castration and Androgen Treatment on Sex-Linked Reactivity of Rat Aorta to a Thromboxane-Mimic** 262  
John W. Karanian, Estelle R. Ramey, and Peter W. Ramwell
- Acknowledgment to Reviewers** 266
- Announcements** 247, 267
