

Erratum

Yamakawa K, Yoshida K, Nishikawa H, Kato T, Iwamoto T. Comparative analysis of interindividual variations in the seminal plasma proteome of fertile men with identification of potential markers for azoospermia in infertile patients. *J Androl.* 2007;28(6):858–865.

In Table 1, all testosterone (T) values were shown as ng/mL. Only P1–P10 values should have been shown as ng/mL; N1–N10 values should have been shown as nmol/L.

N1–N10 nmol/L converted values are as follows:

	ng/mL	nmol/L
N1	4.5	15.54
N2	4.6	15.96
N3	8.9	30.87
N4	3.8	13.12
N5	7.1	24.57
N6	6.0	20.89
N7	5.6	19.32
N8	6.4	22.36
N9	8.6	29.71
N10	5.3	18.37

The authors regret the error.
